## Projects

**O2Run Systems Projects**

**Zahid Tractor & Heavy Machinery Co. Ltd**  
Zahid Group represents a diverse range of companies, offering complete customer-centric solutions in a number of thriving industries. Some of those include construction, mining, oil & gas, agriculture, power, electricity & water generation, material handling, building materials, transportation & logistics, real estate development, travel & tourism, and hospitality.

**Ministry of Interior Kingdom of Saudi Arabia**  
The Ministry of Interior (MOI) bears the responsibility to serve citizens and residents, achieving security, stability, and tranquility. The history and formation of the MOI and its various sections passed through phases of administrative development and organization. O2Run Systems Install and configure Access Control System to Ministry of Interior for All Gates.

**King Saud University (KSU)**  
The leading, knowledge-sharing university in the Kingdom of Saudi Arabia (KSA). KSU focuses on the highest quality of education, research and entrepreneurship in order to prepare graduates for a brighter future. This is being accomplished through the development of their skills and talent, as well as the cultivation of students' enthusiasm for life-long learning.

**O2Run Systems Projects**

**Tecnove Security**  
Tecnove Services specializes in the design and execution of turnkey projects for civil and military camps anywhere in the world, especially in areas with special difficulties in living conditions and access and / or security problems. We have the necessary camps for design engineering and works, here in KSA. TECNOVE submit Life Support Base for the Riyadh Metro project (Saudi Arabia). We install Security Systems for Tecnove including surveillance cameras and other services.

**ALAKARIA**  
Al Akaria Residential Compound is located in the heart of the city on Olaya Street. It comprises of 1200 modern apartments in 9 residential compounds all with modern facilities. It is the first gated community to ever be built in the Kingdom of Saudi Arabia in the 1970s. The apartment was started from 140-340 SQM. We installed Security Systems for Al Akaria including surveillance cameras and other services.

**Arabica Coffee**  
Arabica Coffee serving great coffee in Riyadh KSA for over 20 years in some of the oldest coffee shops around. The new Arabica café has been a successful endeavor, giving a new home to the roaster, a kitchen to make great food, and an open and welcoming space to develop the environment created with the first café. We install Security Systems for Arabica Coffee including surveillance cameras and other services.
