BACEL ZAGHLOOL

c u r r i c u l u m v i t a e

MY NAME is Bacel and I am 23 years old. I am from Cairo, Egypt. I've studied Industrial Design at Faculty of Applied Arts/Helwan University. I appreciate good aesthetics and I like to have some philosophy behind my designs. I focus a lot on the user's experience and how users interact with products and how these products affect their lives

I'd LOVE to meet with like-minded people who believe in their talents, aim high and keep pushing each-other to their limits.
