

**Name: Maged George Kamel**

**Position: Construction Project Manager**

**Profession: Civil Engineer**

**Postgraduate: PMP Certified**

**PRMG Certified**

**Marital status: Married**

**E-mail: magedgeorgekamel@yahoo.com**

**Contact Numbers: 0155 3270549 - 01007210565**

**Dear Mr./HR ;**

- I am a professional Civil Engineer, with a total of 20 years experience in construction engineering and construction management.
- Experience of managing Multi- Million Dollar projects
- I have a good experience in residential , infrastructure ,Roads and industrial projects.
- I have considerable experience in working with the Engineering Consultants firms.
- I have a very good experience in establishing QA/QC systems.
- I have excellent working knowledge of Word, Excel and strong user skill level within MS Office or Primavera.
- I have a good experience in the work of the Technical Office.
- I have a very good practical experience in the regional market in Egypt.
- I have a very good experience in land survey .
- I have a record of outstanding success in construction in multinational and international environments.
- My interest in the civil,construction,management,land survey & quantity survey engineering has prompted me to forward my resume for your consideration.
- I would like to be part of an organization that offers (potential growth, advancement opportunities & stability)
- My background in civil,construction ,land survey & quantity survey would be a great asset to your company's work in construction
- I consider myself to be professional, dependable, considerate, and also I am confident that my contributions would be valuable assets.
- I look forward to meeting you and discussing my qualifications & experience in more details at your convenient time.
- If you have any questions or inquiries, please feel free to contact me at the above phone numbers.
- Thank you for your kind attention and considerations. I appreciate your time reviewing my resume.

**Sincerely,  
Maged George Kamel**

**Maged George Kamel**

**WORK RESUME**

**OBJECTIVE:**

Seeking to achieve a challenging career opportunity in large scale projects within the field of civil engineering, to add to my knowledge, improve my skills & experience and providing me a good compensation.

**EDUCATION:**

Qualification : BSc Engineering In Civil  
Faculty : Shoubra Faculty Of Engineering  
University : Zagazig University  
Graduation Date : 1998

**ADDITIONAL PERSONAL DATA:**

Date Of Birth : 24 /07 / 1972  
Nationality : Egyptian  
Religion : Christian  
Marital Status : Married  
Military Service : Exempted

**LANGUAGE SKILLS:**

Arabic : Mother Tongue  
English :Excellent Command Of English in speaking, reading, and writing

**COMPUTER SKILLS:**

- Microsoft Office Applications: Word , Excel and PowerPoint.
- AutoCAD 2016.
- AutoCad Civil 3D 2016
- Surfer (Survey software for contouring , cross section &volume computations)
- PhotoShop

**Postgraduate :**

- PMP Certified.
- PRMG Certification- Professional Diploma In Project Management FROM AUC(PRMG).
- Successfully Completed The Professional Course In Primavera At AUC.

- **QUALIFICATIONS:**

- Project Management Study(PMP & PRMG Certified)
- Project Planning Study using Primavera
- 21 years of progressive employment in fields related to civil engineering, technical office, quantity survey & quality management.
- Ability to think ahead.
- Strong Management and communication skills .
- Computer skills capabilities .
- Good problem solving skills.
- Proven leadership abilities.
- Team player with good communication skills .
- Proven working experience in construction management.
- Excellent Experience In Managing Sites For Large Projects.
- Ability to manage multi discipline construction activities.
- Ability to lead and supervise the project engineering team to meet the requirements of the project.
- Ability to Schedule the project in logical steps and budget time required to meet deadlines.
- Requisition of supplies and materials to complete the construction of the project.
- Ability to Study project specifications to determine appropriate construction methods.
- Ability to Supervise and coordinate with subcontractor as part of the workers.

**A brief summary of the Work Experiences:**

- 1- With **Suninfinite-Green cells JV** as a **Site manager** for **Benban solar plant** in Aswan from from July 2018 till present .
- 2- With **Red Sea Contracting International** as a **Project Manager** for **Russian expertshousing compound in nuclear plant project** in Dabaa city ,from January 2018 Till June 2018.
- 3- With **Construction and Re-Construction Engineering Company (CRC)**, Member of Dorra Group, as a **Deputy Project Manager** for **Mivida New Cairo Project** from December 2015 till December 2017.
- 4- With **Cosmos for Engineers& Consultants** as a **Project Manager**from June 2011 till October 2015 in the following projects :
  - i. **PYRAMIDS INDUSTRIAL PARKS (INDUSTRIA EAST)** from January 2014 till October 2015.
  - ii. **PYRAMIDS INDUSTRIAL PARKS (INDUSTRIA WEST)** from June 2012 till December 2014.
  - iii. **Ghabour NEW EXHIBITION & MAINTENANCE WORKSHOP PROJECT** from June 2011 till May 2012.
- 5- With **Egyptian Company for coastal Constructions(ECC)**as a **Project Manager** For **Soma Breeze Hotel Residences** in somabay resort from September 2009 till February 2011.
- 6- With **ARCHIRODON CONSTRUCTION (OVERSEAS)** as **A Senior Civil Engineer** from September 2003 till July 2009 in the following Projects :
  - i. **NEW CONTAINER TERMINAL AND QUAY WALL Project** from Aug 2007 to July 2009 .
  - ii. **Port Said Container Terminal Project** from Sep 2003 to Jun 2006.
- 7- With **A.I.C.I(American International Contractors , Inc)**as **Civil Section Head Engineer** for **KING ABDULLAH II SPECIAL OPERATIONS TRAINING CENTER PROJECT** from July 2006 till August 2007 .
- 8- With **Samcrete Egypt Company** as **Site Engineer**from Oct 1999 to Aug 2003 in the following Projects :
  - i. **National Cairo Airport Development Project** from October 1999 Till December 2001 .
  - ii. **The AUC New Campus Project** from January 2002 Till August 2003.

- 9- With The French Company **Bachy sloetanch(S.B.E)** as **Site Engineer** for **Al Azhar Tunnel** from Feb 1999 to Sep 1999 .
- 10- With The Italian Company **ANSCO** as a **Site Engineer** for **The Wastewater Treatment Project** from July 1998 to January 1999 .

## **EXPERIENCE RECORD :**

### **From July 2018 Till June 2019**

**Suninfinite-Green cells JV**

**Site manager for Benban Solar Plant –Enerray Plot**

**Scope :** Construction of solar plant 50 mega

**Consultant :** Enerray

**Budget :** 30 Million Dollars

#### **Project Responsibilities:**

- 1- Site levelling
- 2- Site access roads
- 3- Piles Ramming
- 4- Mechanical assemblies
- 5- Electrical routings
- 6- Modules installation
- 7- Civil works of substations and transformers .

### **From January 2018 Till June 2018**

**Red Sea Contracting International Company**

**Project Manager for Russian Experts Housing Compound in nuclear plant project in Dabaa City**

**Scope :** Construction of 70 buildings 3 floors , Mosque and hospital.

**Consultant :** Armed Forces Engineering Authority and Namaa Consultant

**Owner :** Nuclear Energy Authority

**Budget :** (700 Million EGP)

#### **Project Responsibilities:**

- 1) Lead project planning and stratgy.
- 2) Prepare project documents (Shop drawings , Method of statements , Cash flow , schedule , Safety and Quality plan)
- 3) Collect project resources ( Human recources , Subcontractors , Equipments , and Material)
- 4) Mobilization and project initiation
- 5) Coordination with project stakehoders.
- 6) Managing Risks and Issues
- 7) Documentation
- 8) Reporting to the PMO.

### **From November 2015 Till December 2017**

**Construction and Re-Construction Engineering Company (CRC), Member of Dorra Group, Cairo, Egypt**

**Deputy Project Manager for Mivida New Cairo**

**Scope :** Construction of Parcel (21) Semi-Finished Villas and Townhomes ,Earth work,Infrastructure net works, Exterior Finishing , Landscape and internal roads.

Consultant : Al Amar Group

Budget : (300 Million EGP)

**Project Responsibilities:**

- 1- Define and establish detailed project execution phases and sequencing of activities .
- 2- Coordinate with Planning and Procurement to schedule materials delivery on time.
- 3- Coordination of subcontractors work, perform regular technical and progress / productivity meetings on site.
- 4- Responsible for the direction and coordination of site resources and requisition supplies and materials.
- 5- Ensure that construction meets all contractual requirements, specifications and drawings.
- 6- Planning ahead to prevent problems on site before they occur.
- 7- Ensuring regulations relating to health, safety and the environment (HSE) .
- 8- Review the work progress on a daily basis.

**From January 2013 Till October 2015**

**Cosmos for Engineers& Consultants**

**Project Manager** for the **PYRAMIDS INDUSTRIAL PARKS (INDUSTRIA EAST) IN 10<sup>th</sup> OF RAMADAN CITY**

**Budget LE 500 million**

**Scope:** Construction of industrial Park (3 million meter square) including Earth works ,Infrastructure net works (Electrical ,Sewage , Water , Irrigation , Fire Fighting) , water tanks , sewage Water treatment plant,Sump Pits, Electrical distributors, Electrical substations , Service roads , Administration Building ,Fences , Landscape and Finishing works.

**Project Responsibilities:**

1. Act as Resident Engineer.
2. Coordinate with Client and Contractor.
3. Monitor the operations of all contractors.
4. Review, monitor and update the monthly submittal schedule report.
5. Review& Approve contractor's technical submissions (Shop drawings,Material & Method of statements).
6. Advice on contractual and construction matters.
7. Generally supervise, review, monitor and report on progress.
8. Ensure prompt exchange of correspondence and approvals.
9. Ensure accuracy and completeness of records.
10. Give final approval to Work and arrange Handover.

12. Review and manage the process of Variations and Claims.
13. Ensure correctness and completeness of as-built drawings.
14. Ensure complies with safety, health and risk management requirements.
15. Monitoring external suppliers in relation to project management schedules.
16. Determine the resources (time, money, equipment, etc) required to complete the project.
17. Follow up of execution of works according of agreed procedures and method statements.
18. Monitor project cash flow .
19. Ensure that the project is completed on time and within budget.
20. Setup files to ensure that all project information is appropriately documented and secured.
21. Perform risk management to minimize project risks.
22. Making sure the quality standards are met.
23. Planning and evaluating project activities.
24. Track and monitoring of project milestones.

## **From June 2012 Till December 2014**

**Cosmos for Engineers& Consultants**

**Project Manager** for the **PYRAMIDS INDUSTRIAL PARKS (INDUSTRIA WEST) IN 10<sup>th</sup> OF RAMADAN CITY**

**Budget LE 250 million**

**Scope:** Construction of industrial Park (1 million meter square) including Infrastructure net works (Electrical ,Sewage , Water , Irrigation , Fire Fighting), water tanks , sewage Water treatment plant,Sump Pits, Electrical distributers, Electrical substations , Service roads , Administeration Building , Fences , Landscape and Finishing works.

### **Project Responsibilities:**

- 1- Quality Management(QA/QC).
- 2- Project Management.
- 3- Project Planning and scheduling.
- 4- Coordinate between different construction sections (Arch. , Civil , and MEP )
- 5- Ensure proper follow-up of the documentation and correspondences.
- 6- Develop forms and records to document project activities.
- 7- Monitor site activities of the subcontractors.
- 8- Providing advice on the management of projects.
- 9- Set up files to ensure that all project information is appropriately documented and secured.
- 10- Review the quality of the work completed to ensure that it meets the project standards .
- 11- Ensure that the client's requirements are met.
- 12- Testing and commissioning .
- 13- Project closure .

## **From June 2011 Till May 2012**

**Cosmos for Engineers& Consultants**

**Budget LE 100 million**

**Project Manager**For **Ghabbour NEW EXHIBITION & MAINTENANCE WORKSHOP PROJECT IN RING ROAD.**

**Scope:** **Civil works** (Soil Replacement, Concrete works , Slab on grade,Damp proofing ). **MEP Works** ( Fire fighting ,Fire Alarm ,Ventilation,Surface Drainage ,Rain water drains,Substation , Central a/c system,Power supply ). **Finishing Works** ( Masonary , Plastering ,Painting ,Gypsum board, Wooden doors, Aluminium , Spider System) **Landscaping**

### **Project Responsibilities:**

- 1) Quality Management (QA/QC).
- 2) Review contract drawings , shop drawings and builder work for the project.
- 3) Coordinate between different construction sections (Arch. , Civil , andMEP )
- 4) Supervise the different stages of the work and ensure quality of work.
- 5) Ensure proper follow-up of the documentation and correspondence.
- 6) Ensures that contract procedures are followed during the implementation of the project.
- 7) Followup progress of work .
- 8) Control and evaluate invoices.
- 9) Quantity survey

## **From August 2009 Till February 2011**

**Egyptian Company for Coastal Constructions**

**Project Manager** at **Soma Bay Resort For Soma Breeze Hotel Residences** (Luxury Serviced Apartments )in Hurghada  
(16 Block = 300 apartments).

Consultant : ECG

Budget: \$ 35 Million

**Project Responsibilities:**

- 1) Direct and manage project development from beginning to end.
- 2) Plan and schedule project timelines
- 3) Plan construction methods and procedures.
- 4) Supervise construction sites and direct site engineers and subcontractors .
- 5) Control payment to subcontractors by evaluation of completed works.
- 6) Monitoring and controlling of contract activities and reporting to the senior.
- 7) Ensures that contract procedures are followed during the implementation of the project.
- 8) Attending of job progress meeting with consultant & contractor and client.
- 9) Ensure proper follow-up of the documentation and correspondence.
- 10) Ensure quality of work carried out.
- 11) Evaluate change orders and their impact on project progress and time schedule.
- 12) Finishing works.

**From August 2007 Till July 2009**

**ARCHIRODON CONSTRUCTION (OVERSEAS):**

**Civil Section Head Engineer** In the NEW CONTAINER TERMINAL AND QUAY WALL CONSTRUCTION AT DAMIETTA PORT, EGYPT

Consultant : DMJM Harris

Budget: \$ 250 Million

**Project Responsibilities:**

- 1) Mobilization And Site Preparation.
- 2) Follow up Survey Works.
- 3) Supervising Earth Works(Excavation and Backfilling).
- 4) Marine Works
  - Land Reclamation
  - Quay Wall construction
- 5) Construction of diaphragm wall.
- 6) Quantity Survey.
- 7) Site Progress follow up.
- 8) Coordinate between different site activities.
- 9) Coordinate between project manager and planner.
- 10) Reporting the project Manager on all the construction related issues.
- 11) Assist The Project Manager In Establishing A Project Engineering Time-Schedule.
- 12) Coordinate with all discipline engineers, QA/QC engineers, and client.
- 13) Ensuring safety regulationson site.
- 14) Follow up on invoices.

**From July 2006 Till August 2007**

**A.I.C.I(American International Contractor Incorporation)**

**Civil Section Head Engineer** in the KING ABDULLAH II SPECIAL OPERATIONS TRAINING CENTER (KASOTC)-AMMAN, JORDAN

Consultant : Corps Of Engineers

Budget: \$ 100 Million

**Project Responsibilities:**

- 1) Mobilization and site preparation
- 2) Follow up all the survey works on site.
- 3) Construction works for 95 Buildings.
- 4) Follow up Infrastructure Networks(Sewage,Water, Irrigation).
- 5) Follow up Road Construction(Sub-grade, Sub-base, Base coarse, Box Culverts,Pipe Culverts,Retaining Walls, Drainage ditches, Drainage Canal and Stone Beaching).
- 6) Follow up Earth work (Excavation &Backfilling).
- 7) Volume computation.
- 8) Follow up on invoices.
- 9) Coordinate between different site activities.
- 10) Reporting the project Manager on all the construction related issues.
- 11) Assist The Project Manager In Establishing A Project Engineering Time-Schedule.

**From September 2003 Till June 2006**

**ARCHIRODON CONSTRUCTION (OVERSEAS):**

**Senior Civil Site Engineer in Port Said Container Terminal Project**

Consultant : Pacer-Haskoning

Budget: \$ 150 Million

**Project Responsibilities:**

- 1) Mobilization and site preparation.
- 2) Follow up Survey Works.
- 3) Infrastructure networks.
- 4) Sand Cement Works.
- 5) Paving Block Works.
- 6) Landscaping
- 7) Road Marking Works.
- 8) Installation of Steel structural works.
- 9) Construction Concrete Works Like (Reefers,Administration Building, Gate Canopy, Weight Bridge & Workshop, Clearance Hall,RTG Turning Plates, Fuel Station, Sun Shades& High Masts).
- 10) Quantity Surveyor.
- 11) Technical Office Works (Shop Drawings & As-built Drawings).
- 12) Coordinate between different site activities.

## **From October 1999 Till August 2003**

Samcrete Egypt Company:

- Working As A **Site Engineer** In The Following Projects:

### **- National Cairo Airport Development Project**

#### **Project Responsibilities:**

- 1) Mobilization and site preparation.
- 2) Road and pavement construction .
- 3) Utility diversion of the existing network.
- 4) Establishing and installation of a new utility network .
- 5) Concrete slabs.
- 6) Entrance gates .
- 7) Quantity surveyor.
- 8) Invoicing

### **The AUC New Campus Project**

Consultant : Fluor daniel

#### **Project Responsibilities:**

- 1) Mobilization and site preparation.
- 2) Earthwork(excavation and backfilling).
- 3) Infrastructure construction.
- 4) Concrete Service tunnel construction.
- 5) Bar bending list.
- 6) Quantity surveying.
- 7) Shop Drawings.
- 8) Invoicing.

## **From February 1999 Till September 1999**

- Working As A Site Engineer At **Al Azhar Tunnel** With The French Company S.B.E

#### **Projects Responsibilities:**

- 1) Construction of diaphragm wall.
- 2) Setting out & alignment of the diaphragm walls.
- 3) Steel & concrete works of the diaphragm walls.

## **From July 1998 Till January 1999**

- Working As A Site Engineer At The Wastewater Treatment Project With The Italian Company ANSCO.

#### **Projects Responsibilities:**

- 1) Setting out, alignment and installation of pipelines , manholes , electrical lines , steel structure , concrete anchor bolts and plates for electromechanical works.
- 2) Infrastructure Construction.
