---

## WORK EXPERIENCE

### Web App Developer | Netcore IT Solutions | United Arab Emirates

Jan 2023 – Jan 2025

- **Role:** Web Application Developer
- **Technologies Used:** Laravel, Vue.js, HTML, JavaScript, Tailwind CSS , Stripe Payment Gateway
- **Responsibilities:**
  - Designed and developed web applications with a focus on user experience and functionality.
  - Led the development of two major projects:
    - **Survey Building and Kiosk System:**
      - Developed a comprehensive survey platform allowing users to create, manage, and analyze surveys.
      - Integrated kiosk devices to display surveys and collect user responses.
      - Implemented real-time data visualization for results and statistical analysis.
    - **Digital Signage System:**
      - Created a digital signage solution for displaying dynamic content across multiple screens.
      - Developed features for content scheduling, remote management, and real-time updates.
  - Integrated Stripe payment gateway for secure and seamless transaction processing within web applications.
  - Collaborated with stakeholders to define project requirements and deliver solutions that meet business needs.
  - Utilized best practices in code quality, version control, and project management.

## Web Developer | TargusMe | Syria

JULY 2021 – AUG 2022

- **Role:** Web Application Developer
- **Technologies Used:** Laravel, Vue.js, HTML, JavaScript, CSS
- **Responsibilities:**
  - Developed and maintained websites using Laravel for backend and Vue.js for frontend.
  - Implemented responsive designs and user interfaces with HTML, JavaScript, and CSS.
  - Collaborated with cross-functional teams to gather requirements and translate them into technical specifications.
  - Optimized website performance and ensured cross-browser compatibility.
  - Troubleshoot and resolved issues in the development and production environments.

---
