Yasmin Mahmoud Ali

Personal Information

Address: Cairo, Egypt**.**   **Phone:** +201100035493

Email: yasminmahmoudali00@gmail.com   **LinkedIn:** Yasmin-Mahmoud   **GitHub:** YasminMahmoud00

Objective

As a dedicated fresh computer science graduate with hands-on experience in backend development especially using Laravel, I am eager to contribute to innovative software projects by developing secure, scalable, and maintainable solutions. My goal is to work in a collaborative environment where I can apply my knowledge of MVC architecture, RESTful APIs, and database design while continuously learning and expanding my skills in backend development using different technologies.

Education

B.Sc. in Computer Science - Modern Academy in Maadi — Cairo, Egypt with degree B and Graduation Project A+
Graduation: 2024 – 2025

Experience

- **Instant - Training**   **Aug 2024 – Apr 2025**
  Gained practical skills in programming languages, software development, web development, database design and management, networking, and cybersecurity through hands-on projects and workshops.
- **Technical HR Member - Enactus Modern Academy - Training**   **Feb 2023 – Apr 2024**
  Collaborated closely with cross-functional teams to manage project workflows and team coordination, enhancing my ability to work within structured development environments.
- **Technical HR Member - GDSC Modern Academy - Training**   **Feb 2022 – Mar 2023**
  Collaborated closely with cross-functional teams to manage project workflows and team coordination, enhancing my ability to work within structured development environments.

Skills

- **Technical Skills:**

  -   **Laravel Development:** Custom theme development, plugin creation, Elementor, WooCommerce, ACF (Advanced Custom Fields), Gutenberg, SEO optimization, site performance tuning, and responsive design.
  - **Core Web Technologies:** HTML5, CSS3, JavaScript (JS), PHP.
  - **Tools & Concepts:** Agile/Scrum, Unit Testing, Postman, Visual Studio Code, cPanel, WordPress Dashboard

- **Interpersonal Skills:**

  - Strong public speaking and leadership capabilities
  - Teamwork and Excellent communication
  - Time management and ability to work under pressure
  - Problem-solving skills
- **Language Skills:**

  - Arabic: Mother Tongue   - English: Professional Working Proficiency

Courses& Certifications

- **Back-End PHP - Laravel Course (Instant Academy)**

Projects

Graduation Project "Furniture Shopping App"

- Developed RESTful APIs using **PHP** and **Laravel**, enabling key functionalities for a dynamic e-commerce platform.
- Designed and integrated a **MySQL** database to ensure secure, efficient data storage and retrieval.
- Connected the backend with **AI-based recommendation APIs**, implementing both **content-based** and **collaborative filtering** to personalize user experience and boost engagement.
